

Year Highlights

Visits to South Africa from our parents, Hans and Donna in January and Debbie in June

Cambria was promoted to the role of YWAM Muizenberg Media Director in August

Home Assignment/Furlough from September to December

Max wraps up his final Masters Module in December

Ministry Highlights

This year, over 300 young people were discipled, trained, and sent to the nations to share the Good News of Jesus! To God be the Glory!

Looking back at 2022

As the end of the year approaches, we are thanking God for a fruitful year of ministry, enriching studies, physical health, and His provision for our needs through your generosity! He is so good and faithful as we continue to serve Him in South Africa.

YWAM Muizenberg, where we serve, saw an influx of new students eager to learn about God who were sent to share about Him around Africa and the globe.

Cambria started her role as Media Director. God brought an amazing team to serve alongside her (pictured bottom left.)

Max finishes his final Masters Module in December! Read to the right about what is next for him.

Finally, our furlough in America has been a time of wonderful family connection and relationship building. We only wish we could have visited all of you!

All in all, we are thankful...and expectant for what is to come in 2023!

Looking forward to 2023

The most notable news for 2023 is that Max will graduate with an MA in Christian Formation and Discipleship! From January until October he will complete his "Capstone Project", which is the culmination of all he has learned into a final project/ practicum.

Additionally, Cambria will continue her role as Media Director where she manages the YWAM Muizenberg media- including social media, the website, advertising, and more.

Lastly, Andrew starts Kindergarten in January!

We would be humbled if you would consider us for your year-end giving. Our needs for 2023:

A second car to make both ministry commuting and school pickups manageable for our family! We need \$7000 for a reliable vehicle.

The boy's school fees will be \$3500 for the year. We are trusting God for the ability to pay it in full in January! (Click the link below to give.)

Thank you for your continued prayers and financial partnership! God bless you!
